

13th October 2021

Dear Parent/Carer,

We are carrying out a survey on whether to change the policy on mobile phone usage at the school. Currently students bring their phones to school and can use them throughout break and lunch as well as in lessons as a teaching tool. Much has been shared in the press about the benefits of restricting the use of mobile phones and there are growing concerns about inappropriate content being shared as well as the dangers of too much screen time but we are keen to gauge the views of all our community. We would be most grateful if you could take a few moments to complete this survey.

Just to reassure, if you need to get a message to your child, we have always asked and still ask that you contact school reception via email or telephone and messages can be given. In an emergency, you have always been welcome to come straight into school
